Generic Risk Assessment

- This is an Outdoor Learning programme. Groups will need to be briefed on environmental conditions and behavioural expectations.
- Groups will need to wear footwear and clothing suitable for an Outdoor Learning programme involving walks over parkland and woodland.
- Individuals will need to guard against the possibility of insect bites and allergic reactions; asthma, eczema etc.
- Groups will need to follow the programme as a group in order to ensure supervision at all times by a member of staff.
- Ratios for Key Stage 3 groups are 1:15 plus the visit leader
- A qualified First Aider (one-day emergency First Aid in schools or equivalent) will need to be present.
- Groups will also need to arrange for the point of contact to have a nominal roll and location contact details
- Please follow footpaths/mown areas wherever possible

Education Room

Uneven flooring please ensure suitable footwear is worn

The Ha-Ha

Take care to keep away from edges to prevent any falls into the Ha Ha

Interior Space

This is situated in a woodland area. Please keep together and respect wildlife, plants and shrubs.
